Let’s Talk, Let’s Act!!
What does health mean to you, and to your community?
What does a healthy community look and feel like?
Why do some communities suffer from health problems more than others?
What can we do about the causes of these problems?

The Springfield Health Disparities Project works in collaboration with the Mason Square Health Task Force, local community health initiatives, Health Care for All and the Disparities Action Network, a statewide coalition dedicated to eliminating health inequalities.

Health Equity Roundtable
You’ve got to be in it to win it:
Civic engagement, democratic participation, and new ways to get involved
