

Springfield

Health Disparities Project

Let's Talk, Let's Act!!

What does health mean to you, and to your community?

What does a healthy community look and feel like?

Why do some communities suffer from health problems more than others?

What can we do about the causes of these problems?

Diabetes

HIV

Tobacco

Injury

Violence

Alcohol & Drug Use

Sickle Cell

Heart disease

Infant mortality

Stroke

Asthma

High Blood Pressure

Health Equity Roundtable

You've got to be in it to win it:

Community civic engagement, democratic participation, and new ways to get involved

*A discussion facilitated by The Springfield Institute
(www.springfieldinstitute.org)*

Saturday, December 12, 9:30am-11:30am

Tapestry Health, 365 Bay St.

BETTY AGIN 413-654-2888 ARON GOLDMAN 413-549-1193

The Health Equity Roundtable is held on the 2nd Saturday of each month and is intended to bring community people together with representatives of community health initiatives to learn and work together achieve health equity.

The *Springfield Health Disparities Project* works in collaboration with the Mason Square Health Task Force, local community health initiatives, Health Care for All and the Disparities Action Network, a statewide coalition dedicated to eliminating health inequalities.
